Enhancement 1: Prognosis has updated details on Quality Claims measures and the Data Completeness Met and Performance Met Summary Report as per the measure definitions and benchmarks published by CMS for the year 2026

Module:	COMPLIANCE
Type:	GENERIC
Case ID:	534429
Affected Screen(s):	QPP/PI(MU) Reports Navigation Reports → QPP/PI(MU) Reports → Classification → QPP-MIPS-Quality-Claims → <i>Select report</i>
Description:	<p>Prognosis has updated details on the Data Completeness Met and Performance Met Summary Report as per the rules and benchmarks published by CMS for the year 2026.</p> <p>This enhancement applies to the following three reports under Reports → QPP/PI (MU) Reports → Classification: QPP-MIPS-Quality-Claims:</p> <ul style="list-style-type: none"> • <i>Data Completeness and Performance Met-Summary</i> • <i>MIPS - Quality - Claims Report - Provider-wise Patients with Data Completeness Met</i> • <i>MIPS - Quality - Claims Report - Provider-wise Patients with Data Completeness NOT Met</i> <p>The Small Practices checkbox functionality remains intact for PY 2026, and the Quality IDs without benchmarks are 112, 113, 128, 261, 396, 418, 422.</p> <p> Note:</p> <ul style="list-style-type: none"> • <i>For PY 2026, Quality ID 24 has a benchmark.</i> • <i>The Decile score calculation logic remains same as per PY 2025.</i> • <i>The calculation logic is the same, however; the report is generated based on the benchmark data for the year 2026.</i>

Retain the existing logic for the **Measure Gender** column in the following reports (as per 2025):

- **Data Completeness and Performance Met – Summary**
- **Provider-wise Patients with Data Completeness Met**
- **Provider-wise Patients with Data Completeness NOT Met**
- **Data Source:** PQM_GENDER
- **Column Name:** *Measure Gender*

Retain the existing logic for the **Patient Gender** column in the following reports (as per 2025):

- **Provider-wise Patients with Data Completeness Met**
- **Provider-wise Patients with Data Completeness NOT Met**
- **Data Source:** Selected gender from the Patient Registration screen
- **Column Name:** *Patient Gender*
